

School Council Meeting held on Friday, 07 November 2014

The meeting today was to talk about spending the school council budget of £200.

Some class representatives came to the meeting with a list of items that their class would like in school.

- Oak - Electric guitar, 2 wheel bikes, new DVD's for the library, adapter cable for the wii so that it can be used on the interactive screens (Cheryl has ordered one). It was suggested that we collect all the DVD's together and keep them in the library. Classes to list some new DVD titles that they would like. CB to take the idea of electric guitar lessons to SLT.
- Cedar - Stereo for playground (would need to be a sturdy one, similar to what builders use). HM will have a look and find a price.
- Willow -have requested more discos. They would like a Christmas disco and to include a drink/snack. Possible date for Christmas disco is the 12 December, date to be confirmed.

The school council members had their photograph taken.

Date of next meeting - 21 November 2014
