

Pupil voice Meeting 27th January 2017 at Yewstock School

TADSS Pupil Voice Meeting is a group of students from all the special school in West Dorset.

Tom Maher welcomed everyone to the College.

Each student introduced themselves and said something about their Schools and Colleges.

Agenda items were shared.

Colleges and Transitions

Topic: Moving to a different College. What are the students thinking about doing in the future?

Yewstock shared what they do in their 6th form.

They looked at work related learning and different colleges.

They also discussed about school trips they have attended.

Dorset young researchers

Guest speaker from Dorset young researchers explained their current survey looking at employability skills for students with Special Educational needs. She asked if schools could complete survey online. Kirsty asked if students could fill it in from their own Schools and Colleges and feedback would be given later in the year.

Students from all Colleges and Schools would like to do a joint production together in the future.

The next meeting is planned for May to be held at Mountjoy.
